Making light work of your energy savings

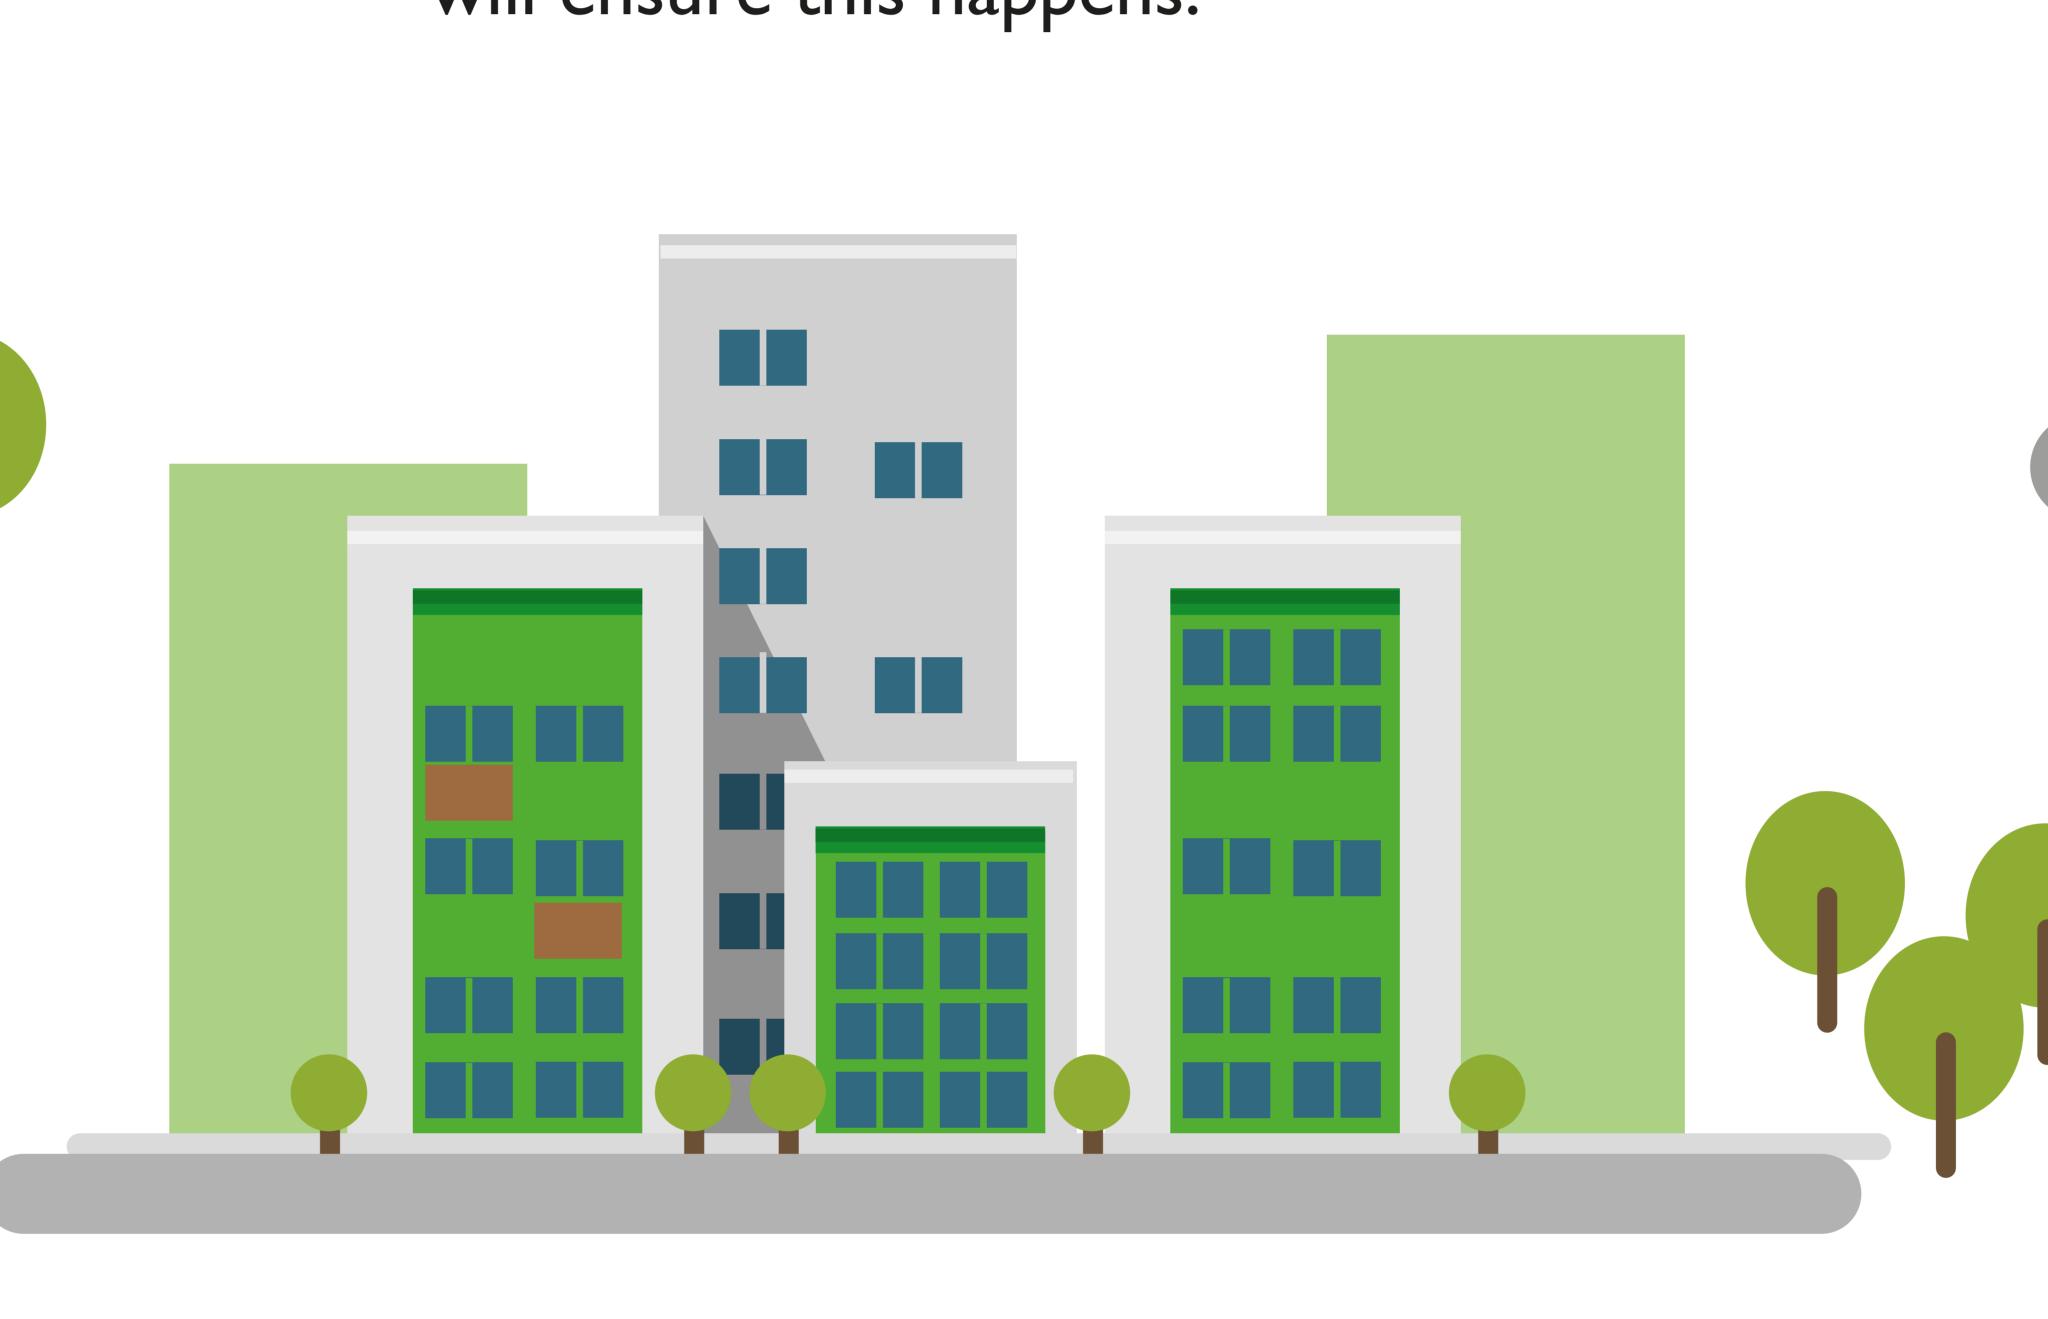

SCHOOLSV

Good lighting is imperative in schools. The 'Downlight' is an ideal solution.

APARTMENTS V

Especially at night time, apartment walkways and doorways will need to be lit up. The 'Surface Circular' will ensure this happens.

HOUSING ESTATES ∇

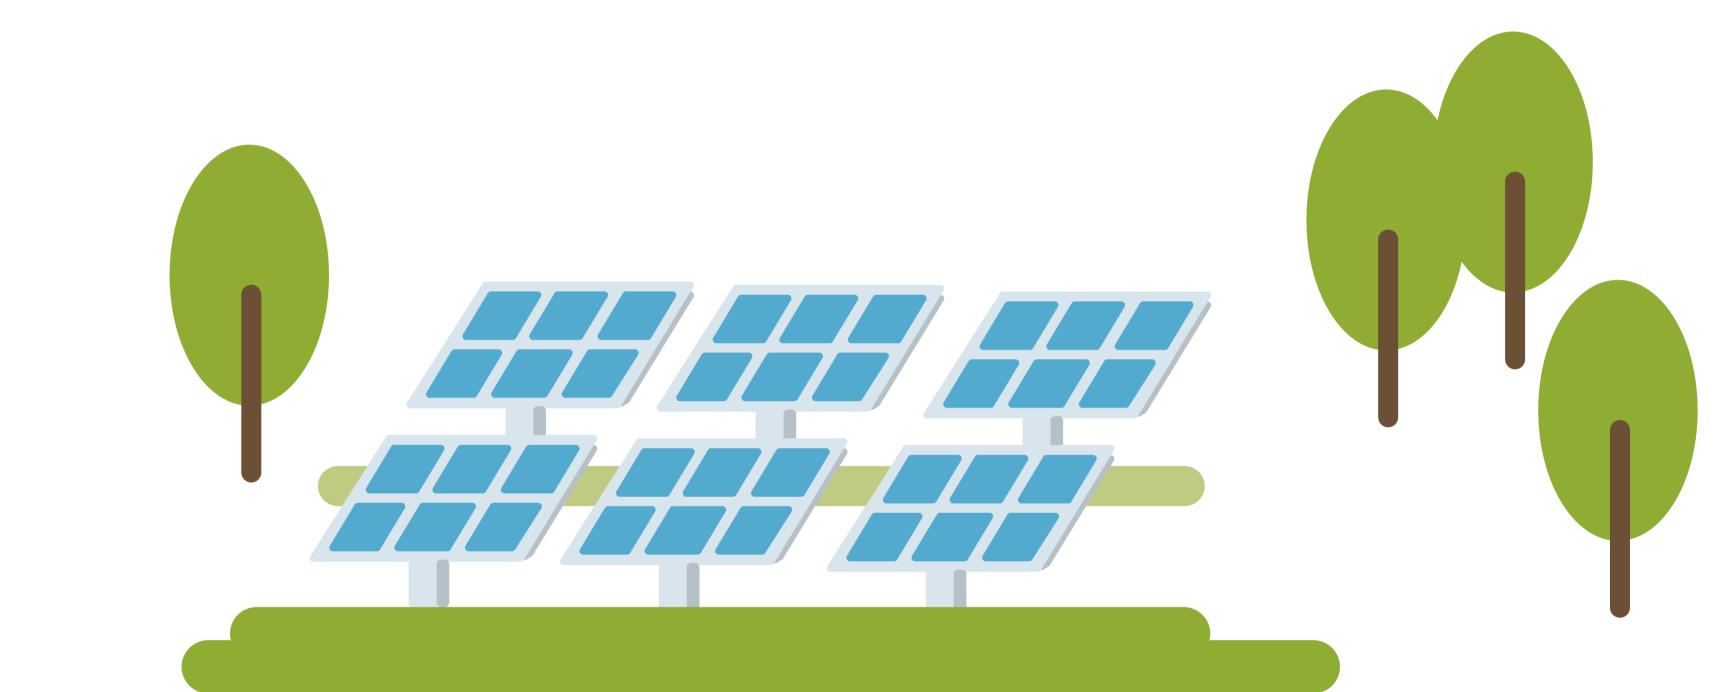

At the forefront of design and technology, the 'Medusa+' street lamp will be the fitting that both, residents and commuters prefer.

OFFICES T

While offering a stylish solution, the 'Ceiling panel' is also the most efficient fitting for any office environment.

RESTAURANTS V

Set the mood with the retro style 'Filament' Lamps in a range of colours and styles.
