

Infrared Training Limited

ASNT & PCN Certification Schemes

Infrared Training Limited courses are designed to meet and exceed certification based on ISO 18436 a third party certification scheme and ASNT SNT TC 1A, second party certification which will be included as part of the training course fees. Companies and individuals will have a choice regarding the type of certification that wish to complete. Course practical and written examinations must be completed to progress to certification.

PCN Examination

PCN certification is a 3rd party certification Scheme. The examination is administered by BINDT. Infrared Training Limited runs courses that meets and exceeds ISO 18436. A PCN exam is offered to all students attending either L1 or L2 course. Students advancing onto Level 2 courses choose application specific training. Upon completing the exam there is a specific timeframe in which you must send a log of practical hours and experience to BINDT to complete certification.

- Based on ISO 18436
- Third party examination
- Internationally recognised
- Level 1 & 2 applicable
- Valid for 5 years
- Certificate and Wallet card provided by BINDT upon evidence of experience.

ASNT Certification

ASNT is achieved by submitting a Thermography report including 20 raw infrared images with a letter signed by management verifying over 100 (L1) or 400 (L2) hours experience with the infrared camera. Finally a passport style photograph is required so a professional wallet card can be provided alongside the certificate upon completion.

- Based on American Standards ASNT SNT-TC-1A
- Included in the course fees
- Level 1 & 2 applicable
- Internationally recognised
- Certificate and wallet card provided by IRT
- Flexible timeframe for completion
- Valid for 3 years
- Continual follow up service available
- Reports treated as confidential
- Reviewed by qualified trainer
